

TRANONT

CREATING SAFE AND EFFECTIVE PRODUCTS YOU CAN TRUST

We're committed to transparency and high-quality product development so you can always feel safe about bringing our products into your home.

ALL OUR PRODUCTS ARE GMP CERTIFIED

Good Manufacturing Practices (GMP) manufacturers follow FDA regulations to ensure safety and quality assurance at every stage of the manufacturing process, such as record keeping, cleanliness, equipment & ingredient verification, and compliant handling.

OUR SAFETY PROCESS AS A GMP CERTIFIED FACILITY

- ✓ Traceability records for batches
- ✓ Written recall system
- ✓ Controlled facility layout and processes to prevent contamination
- ✓ Record-keeping and investigation of deviations
- ✓ Clean and hygienic work environment
- ✓ Investigation and prevention of quality defects
- ✓ Well-defined, consistent manufacturing processes
- ✓ Clear standard operating procedures
- ✓ Dedicated and trained personnel
