

TRANONT

CREATING SAFE AND EFFECTIVE PRODUCTS YOU CAN TRUST

We're committed to transparency and high-quality product development so you can always feel safe about bringing our products into your home.

ALL OUR PRODUCTS ARE MANUFACTURED IN A GMP CERTIFIED FACILITY

Good Manufacturing Practices (GMP) manufacturers follow FDA regulations to ensure safety and quality assurance at every stage of the manufacturing process, such as record keeping, cleanliness, equipment & ingredient verification, and compliant handling.

OUR SAFETY PROCESS AS A GMP CERTIFIED FACILITY

- ✓ Traceability records for batches
- ✓ Investigation and prevention of quality defects
- ✓ Written recall system
- ✓ Well-defined, consistent manufacturing processes
- ✓ Controlled facility layout and processes to prevent contamination
- ✓ Clear standard operating procedures
- ✓ Record-keeping and investigation of deviations
- ✓ Dedicated and trained personnel
- ✓ Clean and hygienic work environment
